**Ultra-Tuf SG®**

## Ultra-Weatherable Polycarbonate

### 10 - Year Limited Warranty

If Ultra-Tuf® Weatherable Polycarbonate sheet breaks within ten (10) years from the date of sale, or experiences excessive yellowing or loss of light transmission as defined below within the same ten (10) year period, the purchaser will receive free flat replacement Ultra-Tuf® sheet, provided the failed sheet, original sales receipt and this warranty are returned to A&C Plastics, Inc. or the original dealer from which the sheet was purchased. A&C Plastics, Inc. retains the option to refund the original sheet purchase price.

#### CONDITIONS

**Breakage** - This warranty against breakage applies only to sheet fabricated, installed and maintained according to A&C Plastics, Inc.'s recommendations and does not provide coverage for reinstallation, fabrication expenses or any other direct or indirect losses which may result from the sheet failure.

*Note: A&C Plastics, Inc. is not responsible for breakage due to acts of God, acts of vandalism, chemical attack and breakage caused by stress due to improper fabrication and/or installation.*

**Yellowing and Light Transmission** - The warranty against yellowing and light transmission applies only to clear Ultra-Tuf® sheet. The Yellowness Index of Ultra-Tuf® sheet, cleaned according to the recommendations of A&C Plastics, Inc., shall be less than ten (10) after a ten (10) year period as defined by ASTM D 1925. The light transmission value of Ultra-Tuf® sheet, cleaned according to A&C Plastics, Inc. recommendations, shall not decrease by more than 3% during a seven (7) year period from the date of sale, and shall not decrease by more than 6% during a Ten (10) year period from the date of sale. Light transmission shall be evaluated according to ASTM D1003. This warranty is limited to excessive yellowing and loss of light transmission due to the degradation of Ultra-Tuf® sheet. It does not cover yellowing or light transmission due to dirt, atmospheric deposits or surface abrasion or scratching. Outdoor sign materials are subject to irreversible deposits of atmospheric elements and can be expected to show signs of hazing eventually. Regular, proper cleaning will significantly reduce, but not eliminate this process.

All instances of claims, regardless of basis such as warranty, damage, tort or any other legal theory will be settled for an amount no greater than the original purchase price paid for the Ultra-Tuf® sheet.

The warranties stated above are the only warranties made by A&C Plastics, Inc. with respect to Ultra-Tuf® sheet and are in lieu of all warranties, written or oral, statutory, expressed or implied, including any warranty of merchantability or fitness for purpose.
