

Makrolon® LD 10 Year Warranty

TEN-YEAR LIMITED WARRANTY

The following terms and conditions constitute the sole warranty made by A&C Plastics, Inc. regarding Makrolon LD sheet (the "Product"). In all cases, A&C Plastics, Inc.'s sole liability and Buyer's sole remedy shall consist of A&C Plastics, Inc. replacing the defective Product or refunding the purchase price, at A&C Plastics, Inc.'s option as discussed herein. This warranty shall not apply to any Product improperly installed, maintained or used in an inappropriate application. Failure of Product due to incomplete or incorrect Buyer-supplied information shall not be warranted. Notwithstanding any other provision in this warranty or elsewhere to the contrary, A&C Plastics, Inc.'s liability, for any cause whatsoever, shall not exceed the purchase price of the Product in question. A&C Plastics, Inc. shall not be liable for any special, incidental, indirect or consequential damages of any kind, arising at any time or for any cause whatsoever. In no event shall this warranty cover the cost of removal, reinstallation, transportation and handling, or similar costs. All warranties begin on the date of sale to Buyer. Buyer must notify A&C Plastics, Inc. within 30 days of an alleged defect or this warranty shall be void. This warranty shall not apply unless Buyer returns defective material and proof of purchase to A&C Plastics, Inc.

Subject to the conditions and definitions contained herein, if the Product breaks (see Breakage (i) below) within ten (10) years from the date of sale due to a manufacturing defect, then the Buyer, or the fabricator designated by the Buyer, at A&C Plastics, Inc.'s option either (a) receive a free replacement sheet, or (b) receive a refund of the original sheet purchase price in lieu of providing a replacement sheet.

CONDITIONS

This warranty only applies if the Product is fabricated, installed, and cleaned according to A&C Plastics, Inc. recommendations (see reverse side for cleaning recommendations). This warranty does not cover (re)installation expenses or any other direct or indirect loss(es) which may result from the sheet failure.

Breakage (i): The warranty against breakage applies only to sheet fabricated, installed, and cleaned according to A&C Plastics, Inc. recommendations.

You should be aware that all outdoor sign materials are subject to irreversible deposits of atmospheric elements and can be expected to show signs of hazing eventually. Regular, proper cleaning will significantly reduce, but not eliminate, that process (see reverse side for cleaning and maintenance instructions). This warranty does not cover hazing caused by physical abuse including failure to clean according to the instructions on the reverse side.

THE WARRANTIES STATED IN THIS PUBLICATION ARE THE ONLY WARRANTIES MADE BY A&C PLASTICS, INC. WITH RESPECT TO THE PRODUCT AND ARE IN LIEU OF ALL OTHER WARRANTIES, WRITTEN OR ORAL, STATUTORY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Makrolon® LD 10 Year Warranty

The following information for this limited warranty must be completed by the customer at the time of sale.

Customer Name _____

Date of Sale _____ Purchase Order Number _____

CLEANING PROCEDURES & CLEANING AGENTS

The proprietary UV surface treatment on Makrolon® LD sheet significantly improves long-term performance. Periodic cleaning using proper procedures and compatible cleaners is recommended to prolong service life. For general cleaning, it is recommended that the following instructions and cleaning agents be used.

PROCEDURES:

1. Wash with a mild solution of soap or detergent and lukewarm water.
2. Using a soft cloth or sponge, gently wash the sheet to loosen dirt and grime and rinse well with clean water.
3. To prevent water spotting, thoroughly dry with chamois or cellulose sponge.
4. Avoid the use of abrasive cleaners, squeegees and/or other cleaning implements that may scratch or gouge the coating.

AGENTS: Cleaning agents which have been found to be compatible with Makrolon® LD sheet under laboratory conditions

Aqueous Solutions of Soaps and Detergents

Joy®
Palmolive Liquid®
Windex D with Ammonia D®

Organic Solvents*

Naphtha VM&P
Hexcel F.O 554 (Butyl Cellosolve)
Kerosene (Neleco-Placer)

Alcohols:

Isopropyl Alcohol

*All residual organic solvents should be removed with a secondary rinse.

GRAFFITI REMOVAL:

- A. Butyl cellosolve (for removal of paints, marking pen inks, lipstick, etc.). The use of masking tape, adhesive tape or lint removal tools works well for lifting off old weathered paints.
- B. To remove labels, stickers, etc., the use of kerosene or VM&P naphtha are generally effective. If the solvent will not penetrate sticker material, apply heat (hair dryer) to soften the adhesive and promote removal.

IMPORTANT: If a material is found to be incompatible in a short-term test, it will usually be found to be incompatible in the field. The converse, however, is not always true. Favorable performance is no guarantee that actual end-use conditions have been duplicated, therefore, these results should be used as a guide only and it is recommended that the products be tested under actual end-use conditions by the user.
