

34 years.

With that much time in the plastics industry, you can bet I've learned a thing or two. I know exactly how to find the materials you need, in any size, color or shape. If you need plastic, I know how to get it. Have a question? I'll answer it. Want to talk about the '69 World Series?

Give me a call.

Ron Roden, 2 year A&C sales rep
