### Section 1. Chemical Product and Company Identification

<table>
<thead>
<tr>
<th>Trade name</th>
<th>Code</th>
<th>MSDS#</th>
<th>Validation Date</th>
<th>Print Date</th>
</tr>
</thead>
</table>

**Company**
A&C Plastics Inc.
6135 Northdale
Houston, Texas 77087

**Synonym**
Polystyrene, HIPS, MIPS

This MSDS covers all prime grades of Impact Polystyrene including but not limited to:

- 6##P1
- 6##P0
- 8##EP0 CX6###
- 7##P1
- 7##P0
- 8##EP1 CX7###
- 8##P1
- 8##P0
- 9##EP0 CX8###
- 9##P1
- 9##P0
- 9##EP1 CX9###

where # can be any number.

**MSDS Name**
Polystyrene (Impact)

**Chemical Family**
Polymer.

**CAS Registry Number**
9003-55-8

**Threshold Limit Value**
Not available.

### Section 2. Composition and Information on Ingredients

<table>
<thead>
<tr>
<th>Name</th>
<th>CAS #</th>
<th>% by Weight</th>
<th>Exposure Limits</th>

</tbody>
</table>

### Section 3. Hazards Identification

**Physical State and Appearance**
Solid. White Pellets

**Emergency Overview**
Irritating vapors to respiratory system and eyes may form when polymer is processed at high temperatures. Molten or heated material in skin contact can cause severe burns.

**Routes of Entry**
FOR HOT MATERIAL: Skin contact. Eye contact. Inhalation.

**Potential Acute Health Effects**

- **Eyes**
  This product is not known to cause eye irritation. However, as with any chemical, some sensitive individuals may experience eye irritation upon contact.
  
  **Heated Polymer:** eye contact can cause serious thermal burns.

- **Skin**
  No known acute effects of this product resulting from skin contact. However, in light of good industrial hygiene, exposure to any chemical should be kept to a minimum.

- **Inhalation**
  Negligible at room temperature. Nuisance dusts can be irritating to the upper respiratory tract. Irritating vapors may form when the polymer is processed at high temperatures.

- **Ingestion**
  No effects are expected for ingestion of small amounts.

**Potential Chronic Health Effects**
CARCINOGENIC EFFECTS: Classified NONE by NTP. NONE by OSHA. 3 (Not classifiable for human.) by IARC. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available.

**Medical Conditions Aggravated by Overexposure**
There is no known effect from chronic exposure to this product. Repeated or prolonged exposure is not known to aggravate medical condition.

**Overexposure Signs/Symptoms**
Not available.

**See Toxicological Information (Section 11)**

**STYRENE Material Safety Data Sheet**

Impact Polystyrene

### Section 4. First Aid Measures

| Eye Contact | Rinse with water for a few minutes. Seek medical attention if necessary |
| Skin Contact | Polymer: NO known EFFECT on skin contact, rinse with water for few minutes. Heated Polymer: For serious burns from heated polymer, get medical attention. In case of skin contact, immediately immerse in or flush with clean, cold water. |
| Inhalation | Allow the victim to rest in a well ventilated area. |
| Ingestion | No First Aid procedures are needed. |
| Notes to Physician | Not available. |

### Section 5. Fire Fighting Measures

| Flammability of the Product | May be combustible at high temperature. |
| Auto-ignition Temperature | 440°C (824°F) |
| Flash Points | Not available. |
| Flammable Limits | Not available. |
| Products of Combustion | Carbon oxides (CO, CO2) and soot. |
| Fire Hazards in Presence of Various Substances | No specific information is available in our database regarding the flammability of this product in presence of various materials. |
| Explosion Hazards in Presence of Various Substances | Risks of explosion of the product in presence of mechanical impact: Not expected. Risks of explosion of the product in presence of static discharge: Possible. No specific information is available in our database regarding the product’s risks of explosion in the presence of various materials. |
| Fire Fighting Media and Instructions | SMALL FIRE: Use DRY chemicals, CO2, water spray, halon, or foam. LARGE FIRE: Use water spray, fog or foam. DO NOT use water jet. Wear MSHA/NIOSH approved self-contained breathing apparatus or equivalent and full protective gear. |
| Protective Clothing (Fire) | Wearing MSHA/NIOSH approved breathing apparatus and protective clothing is recommended. |
| Fire Fighting Media and Instructions | SMALL FIRE: Use DRY chemicals, CO2, water spray, halon, or foam. LARGE FIRE: Use water spray, fog or foam. DO NOT use water jet. |
| Protective Clothing (Fire) | Wear MSHA/NIOSH approved self-contained breathing apparatus or equivalent and full protective gear. |
| Special Remarks on Fire Hazards | Fire may produce irritating gases and dense smoke. |
| Special Remarks on Explosion Hazards | No additional remark. |

### Section 6. Accidental Release Measures

| Small Spill and Leak | Pellets on the floor could present a serious slipping problem. Good housekeeping must be maintained at all times to avoid this hazard. Sweep, shovel, or vacuum material into clean containers. |
| Large Spill and Leak | Use a shovel to put the material into a convenient waste disposal container. Do not allow any potentially contaminated water with pellets to enter any waterway, sewer or drain. |

### Section 7. Handling and Storage

| Handling | Handling of plastic may form nuisance dust. Protect personnel. |
| Storage | Keep container dry. Keep in a cool place. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Combustible materials should be stored away from extreme heat and away from strong oxidizing agents. |

### Section 8. Exposure Controls/Personal Protection

| Engineering Controls | Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit. |
| Personal Protection | **Eyes** Safety glasses. |
| | **Body** Coveralls. |

Impact Polystyrene

Respiratory
Ventilation is normally required when handling this product at high temperatures. Wear appropriate respirator when ventilation is inadequate.

Hands
Thermally insulated gloves required when handling hot material.

Feet
Safety slip proof shoes in areas where spills or leaks can occur.

Protective Clothing (Pictograms)

Personal Protection in Case of a Large Spill
Safety glasses. Gloves. Coveralls

Product Name
Exposure Limits
1) Polystyrene (Impact) Not available.

Consult local authorities for acceptable exposure limits.

Section 10. Stability and Reactivity

Stability and Reactivity
The product is stable. Avoid Temperatures of 600°F or above.

Conditions of Instability
No additional remark.

Incompatibility with Various Substances
Reactive with strong oxidizing agents.

Continued on Next Page
### Impact Polystyrene

**Hazardous Decomposition Products**: Hazardous decomposition products are carbon monoxide, carbon dioxide, dense smoke, and various hydrocarbons. Exposure of polystyrene to extremely high temperatures (650 deg F or higher) may cause partial decomposition. Chemicals that may be released include styrene monomer, benzene, and other hydrocarbons.

**Hazardous Polymerization**: No.

### Section 11. Toxicological Information

**Toxicity to Animals**
- LD50: Not available.
- LC50: Not available.

**Chronic Effects on Humans**: CARCINOGENIC EFFECTS. Classified None by NTP, None by OSHA. 3 (Not classifiable for human.) by IARC.

**Other Toxic Effects on Humans**: Not considered to be dangerous for humans according to our data base.

**Special Remarks on Toxicity to Animals**: No additional remark.

**Special Remarks on Chronic Effects on Humans**: No additional remark.

**Special Remarks on Other Toxic Effects on Humans**: No additional remark.

### Section 12. Ecological Information

**Ecotoxicity**: Not available.

**BOD5 and COD**: Not available.

**Biodegradable/OECD**: Not available.

**Mobility**: Not available.

**Toxicity of the Products of Biodegradation**: Not Available.

**Special Remarks on the Products of Biodegradation**: No additional remark.

### Section 13. Disposal Considerations

**Waste Information**: Transfer to an approved disposal area in accordance with federal, state, and local regulations.

**Waste Stream**: Not available.

**Consult your local or regional authorities.**

### Section 14. Transport Information (for bulk shipments, non-bulk shipments may differ)

**DOT Classification**: Not a DOT controlled material (United States).

**DOT Proper Shipping Name**: Not applicable.

**UN Number**: Not established.

**Packing Group**: Not available.

**USCG Proper Shipping Name**: Not Available

**Marine Pollutant**: Not available.

**Hazardous Substances Reportable Quantity**: Not available.

Impact Polystyrene

Special Provisions for Transport
No additional remark.

TDG Classification
Not controlled under TDG (Canada).

ADR/RID Classification
Not controlled under ADR (Europe).

IMO/IMDG Classification
Not controlled under IMDG.

ICAO/IATA Classification
Not controlled under IATA.

Section 15. Regulatory Information

HCS Classification
Not controlled under the HCS (United States).

U.S. Federal Regulations
TSCA inventory: Polystyrene (Impact)

SARA 313 toxic chemical notification and release reporting: No products were found.
Clean water act (CWA) 307: No products were found.
Clean water act (CWA) 311: No products were found.
Clean air act (CAA) 112 accidental release prevention: No products were found.
Clean air act (CAA) 112 regulated flammable substances: No products were found.
Clean air act (CAA) 112 regulated toxic substances: No products were found.

International Regulations
WHMIS (Canada)
Not controlled under WHMIS (Canada).

CEPA DSL: Polystyrene (Impact)

EINECS
Not available.

DSCL (EEC)
Not controlled under DSCL (Europe).

International Lists
No products were found.

State Regulations
No products were found.
California prop. 65: There are no Proposition 65 chemicals present in our polystyrene resins at levels that would require a warning under the California Safe Drinking Water and Toxic Enforcement Act.

Section 16. Other Information

Label requirements
Irritating vapors to respiratory system and eyes may form when polymer is processed at high temperatures. Molten or heated material in skin contact can cause severe burns.

Other Special Considerations
This product is made for industrial purposes only. Acceptable business/technical terms necessary for medical device applications must be developed by contacting your A&C Plastics, Inc. sales representative. Without such documented business terms, A&C Plastics, Inc. makes no representations, and disclaims all warranties, express or implied, concerning biocompatibility and/or suitability of this A&C Plastics Inc. product for medical device applications.

Notice to Reader
To the best of our knowledge, the information contained herein is accurate. However, the above named supplier does not assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
