

Product name : ACM
Date of issue : 02.01.2015
Printed : 11.01.2017

01. Identification of the substance/preparation and company/undertaking

Name of substance / preparation: Aluminum Composite Panel

Commercial product name: Aluminum Composite Panel

Use of substance / preparation: Composite Material for Display Applications. Signs, Digital printing, Vinyl wrapping and Photo mounting

Company Business / Emergency Contact
A&C Plastics Inc.
6135 Northdale St. Houston Texas 77087
Phone: 888.702.6028 | Email: esales@acplastics.com

02. Hazards identification

Classification:

Product must not be classified according to EG-Directive 1999/45/EG.

Further hazards to man and environment:

By the intended use of the material there is no danger for health and environment is expected.

03. Composition/information on ingredients

Chemical characteristics:

Composite panel consist of two aluminum-coversheets and a polyethylene middle layer.

Hazardous ingredients:

Not applicable.

04. First-aid measures

General information:

It is a solid material when used for the intended application. No product-related accidents or illnesses are known. No special measures required.

Inhalation:

Not applicable.

Skin:

Not applicable.

Eye:

Not applicable.

Ingestion:

Not applicable.

Additional First Aid Information:

Not applicable.

Product name : ACM
Date of issue : 02.01.2015
Printed : 11.01.2017

05. Firefighting measures

Suitable extinguishing media:

Water spray, foam, carbon dioxide.

Extinguishing media which must not be used for safety reasons:

Not applicable.

Special exposure hazards arising from the substance or preparation itself, combustion

products, resulting gases:

Hazardous combustion products: carbon dioxide (CO)₂ and carbon monoxide(CO). Gases can be toxic and irritating when the material is burning.

Special protective equipment for firefighting:

Use respiratory protection independent of recirculated air.

06. Accidental release measures

Personal precautions:

Use personal protective equipment.

Environmental precautions:

No special requirements.

Methods for cleaning up:

Collect material for recycling.

07. Handling and storage

Handling precautions:

Use gloves when working with the material. Avoid dust formation.

Precautions against fire and explosion:

Not applicable.

Storage Requirements:

Store material protected against moisture.

Further information for storage:

Not applicable.

Storage classification VCI : 13

08. Exposure controls and personal protection equipment

Exposure limits:

-

SDS - ACM

Product name : ACM
Date of issue : 02.01.2015
Printed : 11.01.2017

Exposure limited and controlled:

Not applicable.

Personal protection equipment:

Respiratory protection:

In case of dust formation: fine dust mask P2.

Hand protection:

Use gloves while handling the material.

Eye protection:

Recommendation: protective goggles.

Skin protection:

Not required.

Exposure to the environment limited and controlled:

Not applicable.

09. Physical and chemical properties

09.1

Physical state / form
Color:
Odor:

Appearance:

Solid
Different
Odorless

09.2 Important information about the protection of health, safety and the environment

Method:

Danger of explosion:

Lower explosion limit (LEL):

Upper explosion limit (UEL):

Vapor pressure:

Density:

Water solubility:

pH-Value:

Boiling point / boiling range:

Melting point / melting range:

Flash point:

Ignition temperature:

The product is not explosive.

not applicable.

not applicable.

not applicable.

Approximately 0.28 – 0.65 (g/cm²) depending on the thickness of the panel.

Insoluble.

not applicable.

not applicable.

not applicable.

not applicable.

not applicable.

09.3 Other information:

Thermal decomposition:

Decomposition begins at temperatures > 360°C.

10. Stability and reactivity

General information:

If stored and handled in accordance with standard industrial practices no hazardous reactions are known.

Conditions to avoid:

Temperatures > 80°C

Materials to avoid:

Acids and bases: chemical reactions can release flammable, explosive hydrogen.

Hazardous decomposition products:

Burning of the coating can release toxic and irritating gases.

Product name : ACM
Date of issue : 02.01.2015
Printed : 11.01.2017

11. Toxicological information

General information:

According to present experience, the material is physiologically compatible.

Toxicological tests:

Not applicable.

Experience with man:

By handling the product for many years no damage of health and environment was observed.

Further toxicological information:

12. Ecological information

Ecotoxicity:

The product has not been analyzed.

Mobility:

Not applicable.

Persistence and degradability:

The product is stable if used under regular circumstances.

Biodegradations / further information:

Biologically not degradable.

General information:

According to present knowledge no adverse influence to environment expected.

13. Disposal considerations

Recommendation:

Taking back by the fabricator possible. If recycling is not possible observe local/state/federal regulations when material is disposed.

Uncleaned packaging:

If recycling is not possible observe local/state/federal regulations when material is disposed.

14. Transport information

Land transport ADR/RID:

Road ADR:

Valuation: Not regulated for transport.

Railway RID:

Valuation: Not regulated for transport.

Transport by sea IMDG-Code:

Valuation: Not regulated for transport.
Marine Pollutant: no.

Air transport ICAO-TI/IATA-DGR:

Valuation: Not regulated for transport.

Product name : ACM
Date of issue : 02.01.2015
Printed : 11.01.2017

15. Regulatory information

Warning Label (EC):

R-phrases:

Not applicable.

S-phrases:

Not applicable.

National regulations:

National and local regulations must be observed.

16. Other information

The product(s) itself contains no dangers to health and the environment. Dangers in the industrial applications can only arise through mechanical processing (edging, milling, drilling, etc.) due to dust, shavings, and sharp edges.

Further information:

The above information describes exclusively the safety requirements of the product(s) and is based on our present-day knowledge. It does not represent a guarantee for the properties of the product(s) described in terms of the legal warranty regulations. Properties of the product are to be found in the respective product leaflet.

Changes compared to the last issue:
